

TIP 1

Embrace the Rainbow

Show thanks to the NHS by creating a rainbow of colour.

Go bold and beautiful by choosing stunning, colours to wear. Look ravishing in red, perfect in pink, get gorgeous in green and every colour inbetween!

Saturate yourself in one colour or even taking inspiration from jockeys silks!

TIP 2

Know your Dress codes

Bear in mind your enclosure's dress code when choosing your ensemble.

Are you asked to wear a jacket and tie? Or does your enclosure simply require a collar? Of course, for anyone making a bid to be crowned Style Award winner 2021, following these codes are a no brainer and you can have a bit of fun while staying within the rules!

TIP 3

Push the Boat out

Winning looks typically have a terrific hat or headpiece that sets it off and ensures you stand out from the crowd.

Choosing a hat can be daunting but don't be afraid to push the boat out. Seek out a stylish headpiece to compliment your look, for me it's a statement hat or dress but not both.

TIP 4

Borrowing over Buying

Have a look through your wardrobe with fresh eyes!

Embrace the move towards more sustainable fashion. Think about how you can re-wear an old favourite by pairing it with a new headpiece or clever accessory.

If you really want to don something "new" you could get on the bandwagon of fashion rental services.

TIP 5

Prepare for all Weather

Never scrimp on footwear for a long day at the races!

Dress appropriately for an outside event, a smart jacket that compliments your look or a fun umbrella will make sure you are prepared in case the sun gods aren't smiling on your day at the races. Opt for a stylish espadrille or block heel which both work on and off the grass.

TIP 6

Enjoy it!

Most importantly, have fun!

We all deserve a little light relief, a flutter on the gee gees and a glass of fizz to lift our spirits and toast the future, a future hopefully full of many more days filled with friends, family and glamour.
